

The Hope Center

What brings you to The Hope Center?

How long have you been experiencing this current challenge?

What have you tried up to this point to help manage this challenge?

How would you rate this current challenge on a scale 1-10? (1 being the least challenging and 10 being the most challenging, with a brief description why you choose that number.)

Are there previous diagnoses you feel comfortable sharing with us?

Have you been in counseling before? Brief description of reason.

Is there anything else you would like us to know at this time?

Should you have a clinical emergency any time that requires immediate attention, you will need to call 911 or go to the nearest emergency room. You can text HOME to 741741 to connect to a crisis counselor or the local crisis 24/7 Helpline at Integral Care at (512) 472-HELP (4357). The National Suicide Prevention Lifeline is (800) 273- TALK (8255).

Thank you for reaching out to the Northlake Hope Center for your counseling needs. We consider it an honor and a privilege to do life with you.
